## National Remembrance Day Service

Following is the order of service to be held in the Orpheum Theatre, Blairmore, Alberta, on Saturday, November 11th, 1933, at 10:45 a.m. promptly. This service is under the auspices of the Crow's Nest Chapter, I.O.D.E., and Blairmore Branch No. 7, B.E.S.L. Chairman: Mr. W. J. Fisher. The music will be furnished by J. E. Upton's orchestra

### ANTHEM—"O CANADA"

O Canada! Our home, our native land,  
True patriot love in all thy sons command,  
With glowing hearts we see thee rise,  
The True North, strong and free;  
And stand on guard, O Canada,  
We stand on guard for thee.  
O Canada! O Canada!  
O Canada! We stand on guard for thee.  
O Canada! We stand on guard for thee.

### INVOCATION.

SCRIPTURE READING — REV. A. E. LARKE.

TWO MINUTES SILENCE—(For our Honoured Dead).

In Remembrance of those who made the Great Sacrifice, O God make us Better Men and Women, and give Peace in Our Time."

### HYMN—"O GOD, OUR HELP IN AGES PAST"

O God, our help in ages past,  
Our hope for years to come,  
Our shelter from the stormy blast,  
And our eternal home.

Under the shadow of Thy throne  
Thy saints have dwelt secure;  
Sufficient is Thine arm alone,  
And our defence is sure.

Before the hills in order stood,  
Or earth received her frame,  
From everlasting Thou art God,  
To endless years the same.

A thousand ages in Thy sight  
Are like an evening gown;  
Short as the watch that ends the night  
Before the rising sun.

Time like an ever-rolling stream,  
Bears all its sons away;  
They fly forgotten, as a dream  
Dies at the opening day.

O God, our help in ages past,  
Our hope for years to come;  
Be Thou our guard while trouble lasts,  
And our eternal home.

[Amen]

—Isaac Watts, 1674-1748.

### ADDRESS

Mr. J. H. FARMER.

### MEMORIAL PRAYER

REV. A. E. LARKE.

### "THE LORD'S PRAYER."

ORCHESTRA SELECTION—"NIGHT SONG," J. E. Upton's Orchestra.

### ADDRESS

Mr. J. E. GILLIS, B.A.

### ROLL CALL

Mr. J. RUDD.

### "THE LAST POST"

Trumpeter J. LOWE.

### "GOD SAVE THE KING."

### BENEDICTION.

Immediately after the service, members of the I.O.D.E., the general public and all Veterans will proceed to the cemeteries to decorate the soldiers' graves.

### I.O.D.E. PRESENT PRIZES

At the regular meeting of Crow's Nest Chapter, I.O.D.E., on Monday evening, at the home of Mrs. E. McDonald, prizes were awarded to three Grade VIII students of the Blairmore high school. First prize this year went to Mabel Snoad and Carlotta Fleming, who tied for first place with a percentage of 88, while second prize went to Robert Harmer, being one point behind the former two, 87.

This is an annual affair, conducted by the ladies of the I.O.D.E., and a praiseworthy one in seeking to advance the pupils of Grade VIII.

Refreshments were served. Guests included Principal and Mrs. D. McPherson, Mr. and Mrs. and Robert Harmer, Misses Ivy and Mabel Snoad, Mrs. and Carlotta Fleming and Miss Frey, teacher of Grade VIII, for last term. Presentations were made by Mrs. J. Baird, regent of the local chapter.

### BUY A POPPY

Within the next few days the Legion throughout Canada will be selling poppies. There is probably no fund more deserving than that to which the money from the sale of poppies is applied.

The poppies are made by the disabled veterans and every cent raised by their sale is used for the benefit of these heroes. Everybody handling the poppies does it without remuneration of any kind whatsoever. So when you are asked to buy a poppy, think of those less fortunate than yourself and buy generously.

### ARMISTICE SERVICE SUNDAY AT UNITED CHURCH

On Sunday evening, November 12 at 7:30, the B.E.S.L. and the I.O.D.E. will attend Divine Service at the United church. The minister will

preach a sermon appropriate to the solemn occasion. All members and friends of the congregation are cordially invited to attend.

### SUNDAY SCHOOL INSTITUTE FOR THE PASS TOWNS

On Friday of next week, November 17th, in the afternoon and evening, a Sunday school institute will be held in St. Paul's United church at Coleman. Teachers and Sunday school officers will discuss together problems relating to their work, and an address will be given by Rev. R. W. Hilbert, of Calgary.

### SPEND CHRISTMAS AT HOME

Perhaps you have been wishing for a long time that you might go back east for Christmas, or visit the Old Country once again.

Invitingly low fares will be obtainable November 20th to January 5th to the Old Country, December 1st to January 5th to eastern Canada.

If you desire to go south, there are home visitors' fares to the central States, available December 1st to January 5th, or to the ever popular Pacific coast November 15th to February 28th.

The privileges in connection with these low fares are many, including stop-overs, generous limits and optional routes, coupled with fine, fast and comfortable Canadian Pacific service.

Local district C.P.R. agents will be glad to give detailed information.

The Liberal party, under T. B. Pattullo will take over the government of British Columbia on Wednesday next.

For the first time since Great Britain went off the gold standard, the Canadian dollar was at par in New York on Monday, in fact better by 1-16 of a cent premium.

SAFeway Co-operates with Fruit Producers in a Great Western Canadian Campaign—

Carloads of luscious, Ripe B.C. Apples have recently been moving to all points served by Safeway Stores. Standing squarely behind the fruit growers' organization in their efforts to conserve profits and protect the industry, we are paying the apple growers full prices for their crop and the low cost to the consumer is solely the result of Safeway's efficient methods of distribution, illustrating the great significance of the Safeway Slogan. We wish the Producers every success in their project and pledge our continued support.

## The Hudson Bay Route Again

The Financial Post of Toronto, that uncompromising opponent of the Hudson Bay Railway, has taken note of the article which appeared in this column some weeks ago in which we took exception to the attacks made by this Eastern financial paper on this great national scheme to provide the prairie west with an ocean port somewhat nearer to its great productive areas than Montreal in the east and Vancouver in the west. It will be recalled that The Financial Post condemned the Bay route in toto, declaring that the railway should never have been built, that it was "nothing but a contractor's racket, and that having been built and harbor facilities and an elevator provided, it should now be completely abandoned. It criticized the granting of free elevator storage or low rates for a few years while the route is being initially developed. It characterized the whole enterprise as a "colossal failure," "a hybrid of a white elephant and a political sacred cow," and so forth, and so on.

We have no particular desire to enter into any extended controversy with The Financial Post, and it is gratifying to note the much more moderate tone of its later article and the almost apologetic manner in which it seeks to defend its attitude. Nor does it repeat its advocacy of the complete abandonment of the route. However, it does continue to belittle it and to argue that it is economically unsound and cannot ever hope to be a success. It repeats its unsupported charge that the building of the railway was "a plain ordinary contractor's racket from the beginning," and that "it should have been opposed by all good citizens," wherever resident in Canada.

The Hudson Bay Railway was not a contractor's racket. Some of the old Mackenzie and Mann enterprises, notably the building of a line paralleling the C.P.R. around the north shore of Lake Superior, might be so designated perhaps, but it was not a group of contractors but the people of Western Canada who demanded the building of the Hudson Bay Railway. Some money no doubt was wasted in switching the original route from Churchill to Nelson, but sound business reasons alone induced the switch back again to Churchill. Not racketeering contractors, but the best harbor expert in the world was responsible for that change. And once that change was decided upon the railway was built with a maximum of speed and efficiency and at a minimum of cost. Possibly The Financial Post is a better citizen than more than a million people resident west of the Great Lakes, but we are not prepared to admit that all these people are not "good citizens," as The Post implies in the case.

The Post, in its later article, has this to say: "The truth of the matter is that the opening up of the Hudson Bay route has not attracted any measurable volume of traffic on a purely economic basis. A certain amount of grain has gone out in each of the past two years because of the remission of a major portion of the fees that the Government should be collecting for that traffic."

As pointed out in our former article, and as The Post must admit, the route has been open only two years in operation. Those two years were in the midst of the greatest depression the world has ever known. They were two years of abnormally low prices for wheat. In every respect they were not normal nor average years. The Financial Post knows all this is true, but disregards it.

How great a tonnage, it may be asked, passed out of the port of Montreal in its first two years following the Government's decision to make it a real ocean port? Did, or did not, the Government offer inducements to encourage shipping in and out of that port in the years of its infancy? How many millions of dollars were spent before the shipping world finally recognized the feasibility of the St. Lawrence route and a ocean port a thousand miles from the open sea? Does the Financial Post now think that the port of Montreal should have been "completely abandoned" two years after its inception?

All the West asks is that The Financial Post, and other eastern interests like it, be fair. With much that The Post says about dinky little harbors, wharves and canals scattered here and there all over Eastern Canada, we are in agreement. But the great Hudson Bay route cannot be listed in the same class with them.

On page 2 of the same issue of The Post in which its later article on the Hudson Bay route appears, there is printed a despatch from its special correspondent at Ottawa in which the fact is noted that owing to drought there is a serious lack of water in the lower St. Lawrence canals, the port of Montreal, and the ship channel to the Gulf. The Post despatch says: "With only a fraction over 27 feet of water in the harbor, the port authorities at Montreal are extremely worried. Ships may have to restrict their cargo and, perhaps, cancel bookings to Canada's premier port." The Post despatch continues:

"This is not a pleasant prospect. But there is little that can be done about it right now. Shipping circles are putting up a vigorous demand for remedial works to control the flow of water down the St. Lawrence and thus ensure adequate depth for navigation. The Government is ready to carry out a conservation policy but there is a conflict of opinion as to how the work should be done. It is thought likely that a commission will be appointed and the report acted upon next year."

Even at this date, does The Post think the port of Montreal should be abandoned as "a hybrid of a white elephant and a political sacred cow"? Does it feel that this continuous drought from year to year at the expense of the taxpayer should be stopped? Does it, or does it not, favor the expenditure of more millions in order to ensure adequate depth of navigation in the St. Lawrence and the harbor of Montreal? Or is the St. Lawrence route from, say Quebec to Montreal, a "colossal failure"?

The West has no narrow view of this matter. Montreal is a great national port. It must be maintained in its full efficiency at any hazard and at all costs. We believe all "good citizens" wherever resident should, and will, adopt that view. If the St. Lawrence route after half or three quarters of a century of Governmental assistance still is in need of that assistance, let it be forthcoming. But why deny similar assistance to the Hudson Bay route in the initial years of that route, and years marked by most abnormal and extremely difficult economic conditions the world over?

Tomatoes were grown this year in Fleet Street, London, England, on the patch of ground around St. Bride's church.

## Household Drudgery The Bane of a Woman's Life

Nature intended women to be strong and healthy instead of weak and sickly, but how can a woman have good health when she has to go through the household drudgery without any rest? It may wonder she becomes nervous and irritable, has hot flashes, faint and dizzy spells, shortness of breath, aching and smothering sensations, and can't sleep at night.

Women who are weak and run down will find in Milburn's Health Nerve Pills a remedy to strengthen the system and bring back the much desired health.

## Refused Entry To Germany

Noted Singer Barred On Account Of Jewish Ancestry

Madame Schumann-Heink, born in Germany, has been refused permission to visit her homeland. That is difficult to imagine when it is remembered that, during the war, the great singer made many enemies because of her allegiance to the cause of the central powers, in spite of the fact that she had sons fighting on both sides. Born in Germany, she always was proud of her nationality, indeed her pride caused her much hardship during the war years. Madame Schumann-Heink, who is a Catholic, has been notified that she cannot visit Germany, her real crime consisting in the fact that she is of Jewish ancestry. Her mother was a Jewess. One of her ancestors had Jewish blood in her veins, and that prevents the return of Schumann-Heink to the land of her birth. So all her patriotism and work for her native land are rendered by the final insult—being forbidden to revisit her native land. They are doing many stupid things in present-day Germany—Niagara Falls Review.

## Feels 50 lbs. Slimmer

After Losing Only 5 lbs.

"I started taking Kruschen Salts a month ago," a young woman writes. "I have lost 5 lbs. in weight, and I feel as if I have lost 50 lbs. I am full of vigor, whereas before I was listless and worried over little things. But my troubles were doubled, they would not worry me today—thanks to Kruschen." (Miss) V.P.

Here's the recipe that banishes fat: Take one-half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning. For it's the daily dose that takes away the fat. When you take Kruschen daily it means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

Modify your diet, and take gentle exercise. The stomach, liver, kidneys, and bowels are tuned up, and the pure, fresh blood containing these six salts is carried to every part of the body. Then follows "that Kruschen feeling" of energetic health and activity is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Across Africa In "Baby" Car

Two Englishmen Made Trip In 185 Days Including Delays

Alan Glick and Kaiter Kay have just completed a journey from Liverpool, England, to Cape Town, South Africa, in a "baby" automobile. They covered 13,370 miles in 185 days, including delays, which at times extended to weeks. When they crossed the Sahara they were accompanied by a native "pilot," in accordance with demands of French authorities, and part of the way by huge "busses" carrying machine guns for protection against possible Tuareg raiders. The distance across the desert is 850 miles, and the temperature was scorching. Tribal troubles caused Glick and Kay to make a detour of 1,600 miles from Tangier, where they were told fighters had closed the direct road south of Fez.

## Gift For Relief Officer

Dutch Woman Showed Her Gratitude To London Man

A Dutch wife was so pleased at having her husband deported home from London to her that she has sent Frank O'Day, city relief officer at London, Oat, a pair of shoes—wooden ones and sized 14½.

Her husband, out of work in London, had asked for deportation to Holland, but the order did not come soon enough for his waiting Gretchen across the Atlantic. She wrote Mr. O'Day, "he did what he could—and earned the shoes."

## Busiest Flying Field

The municipal airport at Chicago is the busiest flying field in the world, according to Walter Wright, superintendent of the bureau of aviation. He said 400 scheduled airline passengers pass through here every day, in addition to 6,000 people of mail and 500 pounds of air express. These figures do not take into account the private fliers, sight-seeing aeroplanes and advertising craft.

## Some Idea Of A Billion

Some of us have become so used to big figures that even a billion dollars causes little comment, yet some idea of what a billion is provided in a little machine which has been started in Chicago. It ticks five times a second and it will tick away for six years and four months before it has ticked a billion times.

Coffee plantations in India now cover 307,000 acres.

Production of automobiles in France has been increasing this year.

Scotland will revive ancient games.

## Hazing Is Banned

Practice Is Not Permitted In Saskatchewan Universities

"Hazing of freshmen is not permitted in initiation ceremonies at the University of Saskatchewan," stated "Bob" Murray, president of the students' representative council, commenting on the heavy damage verdict against the University of Alberta for mental injury to a freshman in such proceedings.

Mr. Murray explained that certain dress regulations were prescribed by the students' organization for freshmen, largely that they might recognize each other and acquire a feeling of fellowship. "The most important feature of initiation, however, consisted of the arrangement for the performance of some work, usually for the improvement of the university campus."

"More drastic forms of initiation have passed out at most of the universities in Canada," he added. The question had been discussed by the National Federation of Canadian University Students. That body favored some kind of initiation but condemned any drastic form, he concluded.

## England Has Right Idea

John Bull's Objective Is To Keep Everything Moving

Americans, apprehensive of inflation, are reported shipping their dollars to England and Canada. Americans who do this are foolish. They should keep idle money at home.

There is nothing wrong with Uncle Sam's dollar. It is in no way behind it a greater per capita wealth in territory and foods and goods and technological productive capacity than any dollar on earth.

The truth is that Uncle Sam and his citizens' while rich in natural wealth and productive capacity, are poor in psychology and philosophy. Americans have not yet learned that in sports, in money and in life, losses and reverses are all part of the game. Wise old John Bull, rich in experience and philosophy, grew wealthy by taking losses; England's objective was to always keep the game or the business or the country going.—Vancouver, B.C., Sun.

## STOMACH ACID BURNS LIKE FIRE

Sometimes stomach acid makes your stomach feel like a lake on fire. You can get rid of it by taking a little immediate relief from burning pain, sour acid stomach and indigestion with a spoonful of Blum's Magnesia. It's half a glass of water. Any drug store has Blum's and just one spoonful will prove how quickly it works.

## Invaluable To Salvage Firms

Men Gained Experience Hauling Fleet At Scapa Flow

The greatest salvage feat in history has been completed—the raising of the scuttled German fleet at Scapa Flow. The band of men responsible for the epic feat have been disbanded and have departed in twos and threes for their homes. With the experience they have gained at Scapa Flow, they will be invaluable to other firms engaged in salvage work throughout the world. Already one of the divers, Mr. James Sutherland, who almost lost his life in an explosion in the Von der Tann, the ship that was the last to be raised, has signed a two years' contract to do salvage work for the Soviet Government in the Black Sea.

## Oxygen Causes Corona

Solution of a major mystery of astronomy, the source of the sun's corona, the brilliant halo of white light which surrounds the sun during total eclipse, was announced by Harvard Astronomical Observatory. The light comes from oxygen, and not, as astronomers once widely believed, from some chemical element unknown on earth.

Why did you break off your engagement?

"Well, we were looking over a flat when her mother remarked that it was rather small for three."

London's trolley lines now cover 167 miles of routes.

## WEAK WOMEN

Take Lydia E. Pinkham's Vegetable Compound

Have you ever felt that you were too weak to do anything... that you could not have the strength to do your work? Women who have had such feelings should take a tonic such as Lydia E. Pinkham's Vegetable Compound. Handwritten and backache that are the result of a tired, run-down condition often yield to this marvelous medicine. 98 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your drugstore today... and watch the results.

W. N. U. 1218

# YOUR MONEY BUYS

You get more for your money in Plug Tobacco...  $\frac{1}{4}$  more smoke in every pipeful...  $\frac{1}{4}$  more smoking pleasure...  $\frac{1}{4}$  greater value for the money.

## ONLY 20c A BIG PLUG

## Had Distinguished Career

Late Dr. Nitobe Was Well Known Japanese Author

Dr. Inazo Nitobe, Japan's last representative at the League of Nations and a crown member of the House of Peers, who died in Victoria, B.C., was also a widely-known educationalist. He contracted pneumonia on his way home from the Institute of Pacific Relations held at Banff this summer and went to hospital on his arrival in Victoria. His death followed an operation from which he failed to rally. Dr. Nitobe, who was 71 years of age, had a distinguished career and following his graduation from Sapporo Agricultural College in 1881 he continued his studies at Johns Hopkins University, Baltimore, and later at Bonn and Berlin. Dr. Nitobe was one of Japan's foremost representatives at Geneva. In the literary world he was well known as the author of some 16 volumes in Japanese and six in English. His "Bushido, the Soul of Japan," issued in 1900, has been translated into 12 languages. Dr. Nitobe married Mary Patterson Elkington, daughter of Joseph E. Elkington, of Philadelphia, in 1891.

## Newspaper Men Meet In Regina

Annual Gathering Of The Saskatchewan Section Of C.W.N.A.

A meeting of the Saskatchewan division of the Canadian Weekly Newspapers Association was held in the Saskatchewan Hotel, Regina, on Oct. 27. John Scott, Whitewood, presided, with 45 members present.

D. C. Dunbar, Estevan, was chosen president for the ensuing year. H. Gamble, Gull Lake, publisher, was elected vice-president. Other officials for the new term include: S. J. Dorman, Alameda, secretary; manager, who is now serving his tenth term; E. S. Zingg, Wapella, treasurer.

New members of the executive are C. H. Holmes, Roseburg; J. N. Munson, Saltcoats; H. Berryman, Blaine Lake, and H. D. Pedler, Oxbow.

Hon. Howard McConnell addressed the association at the afternoon session, explaining the steps taken by the Government in the distribution of printing and advertising amongst the "weekly newspapers."

A mutual system of insurance for publishers was advocated by E. W. Loughly of Milestone.

The Mid-West Paper Sales Limited, tendered a complimentary dinner to the delegates.

## Canada Pays Less For Coal Than

Other Countries

Canada enjoys lower coal prices "than most other countries forced to import coal," Sir Alfred Crook, president of Amalgamated Anthracite Collieries, of South Wales, testified in Quebec at the continued trial in court of king's bench of six coal companies charged with forming a combine to maintain the price of coal.

"Canada imports her coal in summer while prices are low while most other countries import during the high-price winter season," Sir Alfred stated.

## Thrive In The Arctic

The only domestic animal bred profitably in the Arctic regions is the reindeer, because it requires neither hay for feed nor shelter for protection. There are more than 125,000,000 of them, and it is not uncommon for single breeders in Arctic Siberia to own herds of 10,000 at a time.

The new altar in Southwell Cathedral was found by a dealer in a farmer's house with its front panel made into a door so that it could serve as a cupboard. It was made in the reign of Charles II.

A steel cask full of gun cotton was towed ashore by haddock fishermen operating handlines of the west coast of Shetland.

## DOCTORING YOUR DAIRY HERD

Cows aren't machines. They can get sick or hurt. But Minard's Liniment makes it easy to care for their ills. Mrs. Thos. Palmer of Lardo, B.C., found one of her herd with a lump in her udder. "I rubbed it with Minard's Liniment," she says, "and it soon got better." Minard's is best for Cuts, Bruises, Colic, Distemper, etc., and equally good in stable or in house. Well named "King of Pains."

For covering shelves, lining drawers, etc. 25 feet white or colored rolls. All dealers or write—Applied Paper Products, Hamilton, Ontario.

## B. C. VOTE GIVES VICTORY TO THE LIBERAL PARTY

Vancouver, B.C.—British Columbia voted to solve the most confused political situation with which she has ever been confronted, and decided to entrust her government to the Liberal party under the leadership of T. D. Pattullo.

Her decision was decisive. Voting in 41 seats out of 47, the electorate returned at least 29 Liberals, six representatives of the Co-Operative Commonwealth Federation, and one candidate each of the United Government, Independent Non-Partisans, Independents and Labor. Two seats, Dewdney and Peace River, were doubtful with a Liberal leading in the former and an Independent in the latter.

Six seats, four in Victoria and two in Vancouver Centre will be decided November 27.

A feature of the election, in addition to the decisiveness of the victory for the Liberals, was the showing of the Co-Operative Commonwealth Federation, who in addition to electing six members and becoming the probable opposition, gave the winning party their hardest fight in most constituencies.

Another feature was the absolute failure of the Independent Non-Partisan movement, which had as its object formation of a union government, but was opposed to the United administration of Premier Tomin. R. W. Bruhn, one of the group's leaders, and former minister of public works in the Tomin government, was the only representative elected.

Independents also fell by the wayside, except Hugh Savage in Cowichan-Newcastle, who believes in putting the principles of the Oxford movement into operation in politics. Premier S. F. Tomin went down to personal defeat and only one of his supporters was elected. Hon. R. H. Pooley, attorney-general, held Esquimalt by a narrow margin. The seat has belonged to the Pooley family for 43 years.

Thomas Dufferin Pattullo, 60-year-old native of Woodstock, Ont., Liberal leader, was returned in his Prince Rupert constituency.

## Sweeping Gains By British Labor Party

Win Large Number Of Seats In Municipal Elections

London, Eng.—Sweeping Labor gains in municipal elections throughout England, coupled with the decisive Labor victory in the by-election in traditionally Conservative Fulham a few days ago, have aroused the Prime Minister and his colleagues of the National Government to the necessity of rallying public opinion behind the National Government.

The cabinet met at Downing Street and the Prime Minister laid down that with parliament opening and with a debate on disarmament impending, the government will lose no time in stating its policy in the European crisis. Disarmament figured largely in the campaign of the Labor candidate in East Fulham.

Sir John Simon, secretary for foreign affairs, will state the government's case upon the resumption of parliament and the Labor members then will decide whether to launch a vote of censure.

Large gains for Labor are shown in the elections in England and Wales under the system of councils retired each year. London County where the triennial elections of borough councils are due next year, is not included.

## Issuing Silver Notes

U.S. Certificates Will Replace Currency Turned In For Redemption

Washington.—The United States treasury may soon issue \$11,000,000 in silver certificates backed by silver received in last June's war debt payments.

Treasury officials denied today that this could be considered inflationary, as the certificates will be used in the normal course of business to replace other forms of currency as they are turned in at the treasury for redemption.

## Report New Medical Discovery

London, England.—Reports were in circulation among medical men that Dr. F. G. Banting, Toronto's discoverer of insulin, had perfected a device to prevent contraction by miners of silicosis, dread lung disease, caused by inhalation of minute particles of dust in the air.

W. N. U. 1919

## Benefit Export Business

Sir Henry Drayton Sees N.R.A. Plan As Aid To Canada

Toronto, Ont.—Possibility of the export business of Canada benefitting at the expense of the export business of United States as a result of the N.R.A., as it now operates, was foreseen by Sir Henry Drayton, one-time Canadian Minister of Finance, in an address before Incorporated Accountancy and Auditors Association of Ontario, Toronto chapter.

One direct effect of the N.R.A., according to Sir Henry, was to increase costs.

"Increased price levels must always injuriously affect export business," he declared. "I expect the export business of the United States will be, as matters now stand, injuriously affected by the N.R.A. Its success would be a real benefit to us."

## Drop In Wheat Exports

Last Week In October Shows Decrease From Same Week In 1932

Ottawa, Ont.—A decrease of more than 1,500,000 bushels was shown in export clearances of wheat for the week ending October 27 as compared with the previous week, and a decline of more than 1,000,000 bushels as against the corresponding week of last year, according to a report issued by the Dominion Bureau of Statistics.

During the week ending October 27 the export clearances of wheat totalled 4,087,493 bushels compared with 5,837,008 in the previous week. Canadian wheat in store on October 27 totalled 240,550,238 bushels, compared with 245,240,584 the week before and 239,434,997 on the corresponding date of 1932.

## Policy Of Agriculture

Premier Bracken, Of Manitoba, Advocates A National Policy

Portage La Prairie, Man.—A broad national policy for agriculture—not for one province, but for all—was advocated by Premier John Bracken, of Manitoba, here. The premier coupled with his plea a hope the west would give the London wheat agreement a fair, honest trial.

"The agreement was a challenge," the premier told delegates who attended the 4,087,493 bushels compared with 5,837,008 in the previous week. Canadian wheat in store on October 27 totalled 240,550,238 bushels, compared with 245,240,584 the week before and 239,434,997 on the corresponding date of 1932.

## Millions Given For Relief By Japanese

Multi-Millionaire Family Establish Fund To Relieve Distress

Tokyo, Japan.—The multi-millionaire house of Mitsui, Japanese banking family, have announced establishment of the 30,000,000 yen Mitsui foundation to relieve peasant distress. (At current exchange rate 30,000,000 yen is about \$3,025,000 Canadian funds).

Believed to be the largest private benefaction in the history of Japan, funds will be allotted to organizations working to ameliorate the poverty of farmers and fishermen and to scientific and industrial research groups for the same purposes.

## Grain Rates Reduced

Canadian Railways Announce New Price For Winter Shipments

Montreal, Que.—Canadian railways will reduce grain rates between Georgian Bay ports and Canadian Atlantic ports by 2.6 cents per bushel as compared to last winter's rates, effective Dec. 1, next, George Stephen, vice-president of the Canadian Pacific Railway, stated here.

The reduction is being made to meet competition of United States railways operating between Buffalo and New York, he said.

## Plan Would Be Welcome

Victoria, B.C.—Premier S. F. Tomin hailed enthusiastically reports from Washington which, however, lacked official confirmation, that \$18,000,000 had been set aside towards construction of the projected Pacific Coast Alaska Highway. "This work would solve the unemployment problem of British Columbia," said the premier. The highway would link Seattle and Vancouver with Alaska.

## Campbell Building New Car

Indianapolis.—William Sturm, of Indianapolis, business manager of the speed king, Sir Malcolm Campbell, said the racer had started work on another automobile that would prevent him from crossing the Atlantic this winter to attempt to better his own speed of 272.108 miles an hour.

## Liquor Smuggling

R.C.M.P. Strike A Blow At Illegal Trade In Quebec

Montreal, Quebec.—Royal Canadian Mounted Police have straightened out details of what was described as their paralyzing blow to the liquor smuggling industry and prepared for what is expected to be wholesale prosecution of run-runners.

Seizure last Sunday of documents said to incriminate 538 persons in illegal liquor traffic between the French-owned islands of St. Pierre and Miquelon, and St. Lawrence coast towns in Quebec brought to a climax weeks of intense investigation into the activities of run-runners.

Simultaneous descents were made on "headquarters" in the towns of Matane, Riviere Du Loup, Bic, and St. Francois Du Lac, while several liquor-laden vessels—including the river boats Skiplong and No. 12—were also seized.

It is understood the leader of the ring was being detained at Riviere Du Loup and that several other arrests were imminent.

## Doctors Resign

Eleven Members Of Honorary Staff Of Winnipeg Hospital Differ Over Relief Policy

Winnipeg, Man.—Eleven doctors on the honorary staff of Victoria Hospital, who submitted their resignations to the board of directors a month ago, have resigned, it was announced by Dr. E. S. Moorhead, chairman of the joint committee of the Manitoba Medical Association and the Winnipeg Medical Society.

The resignations declared the doctors were not in accord with the directors on the policy laid down in Victoria Hospital for treatment of patients in relief. It was contended by other Winnipeg hospitals the honorary staff attended only emergency relief cases, whereas at Victoria hospital, members of the honorary staff administered to all relief patients.

## HAVE REACHED AGREEMENT ON OCEAN AIR ROUTE

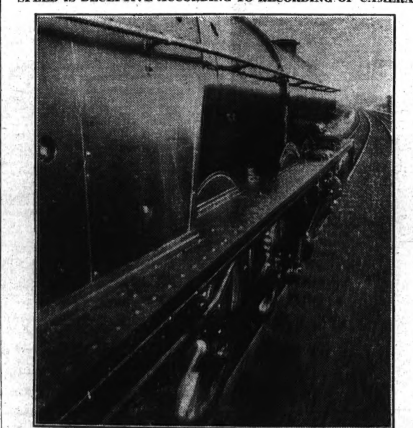

St. John's, Nfld.—Prime Minister F. C. Alderdice intimated that the governments of Great Britain, Canada and Newfoundland had reached an agreement with regard to a proposed trans-Atlantic air service.

"The terms could not be disclosed at present," he said, but they were satisfactory to all parties who had participated in a conference here last summer.

The prime minister was interviewed following Sir Eric Geddes' announcement to shareholders of Imperial Airways in London, England, that the British company had "established a very cordial relationship with official and commercial aviation interests in Canada and can anticipate development of this trans-Atlantic project in complete harmony between Britain and Canada."

Mr. Alderdice offered no prediction as to when the service would be established. He said he felt certain, however, a trans-Atlantic air base would be developed "eventually" in Newfoundland.

SEEN IS DECEPTIVE ACCORDING TO RECORDING OF CAMERA

Our picture gives a vivid impression of speed and power as seen from the footplate of the new British locomotive, "Princess Royal." The train is approaching Low Gill on its journey from Euston to Carlisle and is gaining momentum for the ascent to Shap. A remarkable feature is the view of the revolving wheels while the "Princess Royal" is travelling at a speed of more than 65 miles an hour. The view was made possible by the projection of the camera from the engine cabin.

SEES IMPROVEMENT

J. P. Morgan, famous United States banker, was quite talkative about the marked improvement in British business conditions on his return from a lengthy visit to Great Britain. He emphasized that the Mother Country had turned the corner away from hard times.

## Prizes For Poetry

King George To Offer Medals For Volumes Of Empire Verse

London, Eng.—A statement from Buckingham Palace said the king had signified his intention of offering annually gold and silver medals for English poetry published within the Empire in volume form by British citizens.

A committee of judges to decide the awards will include: John Masefield, poet laureate, as chairman; Laurence Binyon, author and keeper of prints and drawings in the British Museum; Walter De La Mare, poet, author, playwright, and actor; Ivor Richards, critic.

Sub-committees will be appointed abroad to recommend books from India, the Dominions and Colonies. Medals will be awarded toward the end of each year for works published during the preceding year. First awards will be made in December, 1934, for books published in 1933. The medals will be given poets for their first or second books, or to poets under the age of 30.

## Canadian Coal Industry

Control Under N.R.A. Code Plan Is Advocated

Truro, N.S.—Control of the Canadian coal industry under a code based on the principles underlying President F. D. Roosevelt's industrial regulations in the United States would assure improved operations for Nova Scotia's mines, delegates to the district convention of the United Mine Workers of America were told Wednesday by Thomas Kennedy, international secretary treasurer of the organization.

By this means, and by taking advantage of the N.R.A.'s operations below the border, the international executive declared, mining activities in the province could be brought back to a full time basis. Application of a Canadian code, he said, would mean an embargo would be placed on coal entering Canada in unfair competition with Canadian coal, thus providing a wider outlet for the domestic product.

## Writer To Be Expelled

British Newspaper Correspondent To Be Released From Munich Jail

Munich, Germany.—Noel Panter, a British newspaper correspondent accused of misrepresenting a recent Nazi gathering at which Chancellor Hitler spoke, will soon be released from the Munich jail and expelled from the Reich, an official statement said.

The state's attorney in Leipzig, the communique declared, found after mature consideration that there was no further cause for prosecuting Panter and that "a continuance of his sojourn in Germany is undesirable."

No date was set for his release and expulsion.

Panter, a correspondent here for the London Daily Telegraph, was arrested October 25 and held at police headquarters on an official charge of "suspicion of espionage." For several days he was held incommunicado, but the British consul-general made strong representations and was later allowed to see him.

## Remembrance Day Will Be Fittingly Observed

Ottawa Holding Usual National Service On Parliament Hill

Ottawa, Ont.—Remembrance Day will be observed in Ottawa as a national service in front of the temporary cenotaph on parliament hill. His Excellency the Governor-General will be present, together with Rt. Hon. R. B. Bennett, Prime Minister.

London, Eng.—Arrangements for Armistice Day celebrations here November 11 are largely along the same lines as in recent years.

Granted reasonably fine weather an enormous concourse is certain when the king lays a wreath on the cenotaph in Whitehall. His Majesty will be followed by the Prince of Wales and representatives of the Dominions and Colonies.

An army of 350,000 helpers will sell Flowers poppies throughout Britain Armistice Day.

## Duke Of Athol Summoned

Charge For Violation Of Lotteries Act Creates Sensation In London

London, Eng.—A summons was granted in Bow Street police court against the Duke of Athol for violation of the Lotteries Act. The summons created a sensation in England. The duke raised his own private "mystery fund" of more than £500,000 by voluntary subscriptions and then distributed 748 gifts ranging from £2,000 to £10.

The duke set aside £60,000 for charities and distributed £36,000 among the subscribers, who bought tickets after the manner of the Irish sweepstakes.

The lucky subscribers to the Duke's fund were announced Oct. 21. Afterward men from Scotland Yard held a conference with the duke at his Scottish seat.

The case will be heard in the Bow Street court, Nov. 14.

## U. F. M. HAVE DECIDED TO KEEP OUT OF POLITICS

Portage La Prairie, Man.—The non-political status of the United Farmers of Manitoba will be maintained, it was decided at the three-day annual convention here. A policy of independence, free from all political party alliances, as adopted five years ago, was re-affirmed by a large majority. Rejection of the proposal for political action brings to an end efforts made for political affiliation by the Co-Operative Commonwealth Federation, under the leadership of J. S. Woodsworth, leader of the group in the House of Commons. The vote was not recorded.

A resolution was adopted requesting mortgage companies to refund farm mortgages as speedily as possible on an amortization basis at low rates of interest. It was described as "a measure of compromise" giving the "other fellow" a chance, and its sponsors suggested a 20 to 25-year amortization plan with the possibility of administration through a provincial lands board.

Inflation, controlled by an independent commission under federal government supervision, debt adjustment and marketing problems were given consideration Wednesday.

The suggestion was made all money contracts should be revised to levels where payments of debts would be possible. Loan companies, it was argued, should be prepared to take their share of loss resulting from the economic depression.

## DISCUSSIONS ON BRITISH DEBT TO BE CONTINUED

Washington.—A continuation of negotiations on the British war debt was decided on at a White House conference in which the chief British and United States spokesmen talked with President Roosevelt.

The discussions, in progress nearly a month, have failed to produce any definite achievements and it had been intimated that the British were growing restless and thought of bringing them to a conclusion.

The situation was laid before the president at a meeting lasting an hour and a half. At its conclusion the White House said:

"This was a conference on the subject of the debt settlement—a continuation of the discussion. The discussion will be continued. There was nothing at all final. So far as gold purchases in England are concerned that subject was not brought into the discussions at all."

Those who talked with the president were Sir Frederick Leith-Ross, special representative of the British treasury; Ambassador Sir Ronald Lindsay; and Under-Secretary Dean Acheson of the treasury; chief American representative in the conversations.

At the outset of the negotiations, officials were pessimistic of bringing from them any concrete accomplishments. They have been confronted with the task of compromising the opposite viewpoints of a popular British demand that payments cease and congressional insistence that the installments be paid in full.

The British debt now totals approximately \$4,000,000,000. With interest added, payments of more than \$9,000,000,000 are scheduled for the next 51 years under the funding agreement now in effect.

Acheson said after the White House conference that a meeting of the debt negotiators had been scheduled for today. He added he expected the discussions to go on for a considerable period.

## Predicts N.R.A. Defeat If Press Muzzled

Would Make Roosevelt's Plan Impossible Opinion Of Mr. Henry Sifton

Toronto, Ont.—Predicting the failure of the National Recovery Act if the United States press is muzzled, attempts to extend its control of industry to the editorial sanctums of the country's press, Henry Sifton, newspaper publisher, declared if the people of the United States accept suppression of the press it meant either the majority of publications in that country were unworthy of the trust reposed in them or the people had lost their taste for freedom.

"If the government wants to make the N.R.A. impossible, all it has to do is spread control to the editorial rooms," he said. "In my opinion the people will rebel against any such tyranny."

Mr. Sifton spoke at the 20th convention of the Association of Canadian Advertisers.

## Extending Mail Service

Airplanes To Carry Mail To Remote North Districts

Ottawa, Ont.—The post office department contemplates two extensions to its existing service down the Mackenzie River. One would be the carrying of air mail to Cammell River, about 35 miles from Cameron Bay, the principal settlement on Great Bear Lake, while the other will reach out to the shore of the Arctic Ocean itself, to Coppermine, which is 250 miles north of Cameron Bay.

"First flight catches," eagerly sought after by philatelists, will be issued to commemorate the opening of the post offices at Cammell River and Coppermine. These are special air mail stamps.

## For Reasons Of Economy

District Superintendents Filling Postmaster's Place In Some Cities

Ottawa, Ontario.—For reasons of economy no appointments will be made by the government to fill postmasterhips in cities where district superintendents are now located. It was learned here. The functions of district superintendent and postmaster will be combined, the former performing the duties.

Vacancies exist at present in Toronto, Winnipeg, and Moose Jaw, but the government does not intend to fill them. The postmasters' duties will be undertaken by the district superintendents concerned.

Blairmore, Alta., Thurs. Nov. 9, 1933

# PRESS COMMENTS ON MUSICAL FESTIVAL

A grand climax to the splendid musical festival of the Crows' Nest Pass was the competition of the senior orchestras, Blairmore under J. E. Upton, Hillcrest under W. H. Moser, Cranbrook under Conductor Raven, and the concluding highlight of Handel's masterpiece, famed throughout the world, "The Hallelujah Chorus," sung by Cranbrook and Kimberley United choirs. With Mr. David Morgan conducting, with the audience standing throughout the singing of this glorious song of praise to the "Lord Omnipotent." It sent home the large audience inspired to such an extent that words could not suffice to express their appreciation of a performance which was without parallel in the nine years history of the musical festival. The Blairmore and Hillcrest orchestras gave splendid performances, each playing their own selection, the fine quality of Mr. Moser's Hillcrest orchestra appealing to some more than the heavier tones of the Blairmore orchestra, whose piece was of a more martial nature, and opened with an inspiring volume of sound. It was difficult to judge the difference of these orchestras, so fine were their presentations. The appearance of the Cranbrook orchestra was the signal for sustained applause from the home people and visitors, who, nothing daunted by a journey of over a hundred miles, having left Cranbrook at 4.30 that morning, came on the stage with freshness and vigor to play the last number in the three days, festival competitions. Their players were older and more experienced than their competitors, and also were equipped with a greater variety of instruments, consequently, their presentation was of a higher standard both in its nature and performance. The decision of the adjudicator in awarding 91 points to Cranbrook, and 83 each to Blairmore and Hillcrest, was a decision with popular favor, and set a high standard for future festivals, which will be difficult to surpass.—Coleman Journal.

In each program excellent, the music students from Pincher Creek west to Kimberley, B.C., enthralled capacity houses at each event of the Crows' Nest Pass Musical Festival during the past week-end. The honors of presiding was shared by the mayors of the representative towns and much pride is felt by the representative communities in the success of the festival in general and in their own winners in particular. So many of the competitors are becoming so widely known that the Echo will refrain from personal reference, but takes much pleasure in extending hearty congratulations to all participants and to the executive.—Pincher Creek Echo.

Mr. Kurth, the adjudicator, voiced his praise of the work of these splendid organizations, and of the good sporting spirit that was in evidence. The fact that Mr. Upton had played the cello in Mr. Moser's orchestra, and Mr. Moser had played the cello in Mr. Upton's orchestra, when the two were competing against each other, appealed to him strongly as the embodiment of the true community spirit.—Cranbrook Courier.

Often it has been said that Art knows no barriers. The humblest may compete with the highest on equal terms in receiving an impartial verdict, and this was demonstrated in the musical festival. There were seen young competitors whose parents must have sacrificed something

in order that their children should prepare for the festival, and who won first awards against others more favorably circumstanced. Art knows no distinction of race or creed, and a noticeable feature of the festival is that the children of parents from other lands were as well represented in the prize winning class as the Canadian born.—Coleman Journal.

Mr. C. V. Edwards and Miss Doris Edwards did their full share at the Blairmore festival, in their capacity as piano accompanists. At the wind-up of the festival Saturday night, the Columbus hall, which is a large one, was jammed to the doors, and it is estimated that nearly 1000 people were in the building. It was a record crowd for Blairmore. Cranbrook and Kimberley people were delighted with the welcome and treatment they received from the festival committee and the business people and residents generally of Blairmore. It was a grand experience, and one no doubt that will be repeated next year.—Cranbrook Courier.

Another thought rises from the festival. The good works of men live on long after they have departed, and though the originator of the festival, Rev. Mr. Young, a former Blairmore pastor, lives in Calgary, the first humble festival of nine years ago has not only attained prominence throughout Canada, but is a splendid influence in elevating the cultural life and tone of the entire Crows' Nest Pass and even further afield. The value of such efforts and their results is far above a dollars and cents standard. It lies in the promotion of harmony, culture and goodwill, not only among those who love good music, but also among those desirous of striving for higher ideals and a better appreciation of one's neighbors.—Coleman Journal.

Cranbrook and Kimberley contestants felt at home with Burton L. Kurth as adjudicator, for Mr. Kurth was the adjudicator at the Cranbrook festival in 1932. The highest marks in the festival were won by the Cranbrook City orchestra with 91 points, competing with the Hillcrest and Blairmore orchestras which tied with 83 points. In winning this competition the Cranbrook orchestra lifted the Pincher Creek shield, which had been won in 1931 and 1932 by the Hillcrest Senior orchestra. The competition was staged Saturday evening, and was keenly contested. The Hillcrest organization played first, with W. H. Moser conducting. Next came the Blairmore orchestra with J. E. Upton as conductor, and this was followed by the Cranbrook orchestra with William Raven as conductor. The large audience had a rare musical treat, for not often would you find three such orchestras playing at the same place on any other occasion.—Cranbrook Courier.

The ninth annual Crows' Nest Pass Musical Festival came to an end Saturday night in Blairmore. Kimberley and Cranbrook artists were the real big successes there and came home with a large number of the prizes. The Kimberley and Cranbrook combined choirs were the hit of the festival and in their rendering of the Hallelujah Chorus from the Messiah, gave the audience something to occupy their memories for a long time to come.—Kimberley Courier.

In the window of the Fink Mercantile Company may be seen the two shields and trophy won by the Cranbrook City orchestra. There is the Odd Fellows' shield won at the Cranbrook festival last spring with 90 points, and the Pincher Creek shield and the Blairmore Junior Musical Club trophy won at Blairmore last week with 91 points. This orchestra won the highest points awarded in any event at each of these festivals.—Cranbrook Courier.

Knight's popularity as mayor of the Town of Blairmore will not be enhanced through his latest act. Today he is cutting off water from the United church. It may be stated that prior to Knight's regime, local churches received free water and light. Knight is tucking anything that doesn't agree with his regime.

Evensong at 7.30 in the church.  
Bible class each Wednesday evening during winter at 7.30, in the church.

O. P. Seeman, C.N.R. agent at Pincher Creek, Ont., sliced a golf ball that travelled 300 miles and came back to him. Driving from the ninth hole of the Port Colborne Country Club course, Seeman sliced the ball out of bounds. It disappeared into an open box car of a moving freight train. A few days later he received a package from Walkerville, Ont., containing the lost ball. When the station agent at Walkerville was presented with the ball by an employee, he recognized Seeman's initials.

## JAMES NORTHRUP HUNTER DIES FROM SUFFOCATION

Word was received last week end of the death of James Northrup, son of Rev. and Mrs. J. F. Hunter, of Calgary.

James was occupied as a geologist in the Lone Rock district of Saskatchewan, and is believed to have died from the fumes of a gasoline radiant heater while sleeping in a small shack.

James was but 24 years of age, born at Pincher Creek while his parents resided there and his father was pastor of the Baptist church. A couple of years later, the family moved to Blairmore, where Mr. Hunter had accepted a call to the First Baptist church, and where they resided until James became of school age. He moved to Calgary in 1913 with his parents, and was educated there at Connaught and Central High Schools. He later attended the University of Alberta, and last spring graduated as B.Sc. in mining engineering. He had been with the Alta Gas Exploration Company at Lone Rock for the past six months.

Besides his parents, he was survived by four brothers, Harry M. and Leslie A., of Calgary, Vernon H., of Turner Valley, and Frank, of Black Diamond.

The remains were conveyed to Calgary, where interment in the Burnside cemetery was made on Saturday afternoon.

Thirteen members of the Law Society of Alberta who will take office as benchers January 1st for a term of two years are: H. H. Parlee,

K.C., Edmonton; H. R. M. Iner, K.C., Edmonton; A. Macleod Sinclair, K.C., Calgary; W. E. Payne, K.C., Red Deer; J. E. A. Macleod, K.C., Calgary; G. A. Walker, K.C., Calgary; J. D. Matheson, K.C., Macleod; L. M. Johnston, K.C., Lethbridge; W. J. Loggie, K.C., Wetaskiwin; W. S. Gray, K.C., Edmonton; W. E. Beeg, K.C., Medicine Hat; G. H. Steer, K.C., Edmonton; H. S. Patterson, K.C., Calgary.

## ONTARIO PAPERS GIVE US A PAIN

Although we do come from Ontario, we do admit that we get tired reading Ontario Liquor Act infraction stories, in the average Ontario weekly. Columns are given to the gruesome story of a man being fined for having taken on a little heavier load than he could carry. The police are glorified, in fact the awful crime is given as much prominence as a major crime story. Such stuff is not news, but it gratifies the editor's personal views on the liquor question. In Alberta, such news is dismissed with a few lines, if it is run. What do these weekly editors in Ontario think of themselves, when they gloat over a young man being sent to prison for breaking some rule? Do they ever stop to think that many of the laws today are the cause of our increase in criminals, in that they are unreasonable, narrow pieces of legislation. Some of these glorified moral reformers among the newspapermen talk glibly about helping the youth, but, if there is one way to send a young man on the

road to hell it is to give a column to his breaking the liquor act, and being sent to jail, or the prison farm. Then there is too much glorification of the police, and the cadi, who lays on the agony.—Drumheller Review.

Eric C. Redgrave-Gunner, W.W.B., of the Royal Canadian Air Force, former pilot with the Consolidated Mining & Smelting Co. from Trail, was in town this week for the purpose of looking over the district and incidentally the new airport at Coleman. Gunner has established quite a record as a flyer, and part of his future programme includes a solo flight across the Atlantic. It will be remembered that a plane that crashed near Elko last year was under his command. The plane was wrecked, but Gunner emerged with several fractured limbs.

### "British Lion" Contest

Find the Total of the Figures

Think  
What One  
of These  
Prizes Will Do  
for YOU!

Test your skill with this fascinating problem. Begin at once and do not get discouraged. Nothing worth having was ever won without an effort.

The lion roaming back and forth in the jungle covers many miles. The illustration on the left is made up of a number of figures to represent the miles covered. What is the sum total of the figures forming this lion? Simply add them up and get the solution. There are no marks, lines or characters in the lion except figures. These figures range from "2" to "9", each standing alone. There are no "11's" or "10's". There are no groups of figures such as "23" or "45". If you find a "7" and a "3" written so closely together that it looks like "23", it means that the "2" and "3" are to be added just as you would if they were an inch apart. The heads of the "6's" are distinctly curved, while the tails of the "9's" are straight or practically so.

All you need is a little perseverance and a determination to win. Here is an evening's entertainment for the whole family and instead of paying for the entertainment you may get paid on the basis that it will be the most profitable evening of your lifetime.

- Any resident of Canada or Newfoundland except employees of the High C. MacLean Publications Ltd. and their immediate families, is eligible to compete for the prizes.
- The winners will be those getting the correct or nearest correct answer.
- The contest opens immediately and will close NOVEMBER 18, 1933. Contestants who mail their entries after this date or whose entries are received by us after NOVEMBER 18th, 1933, will be disqualified.
- Not more than one prize will be awarded any entrant in this contest. Entrants must qualify their mail with the subscription requirements to win the prize. SEE PRIZE LIST FOR TERMS. The full amount of subscription money must be sent direct to Canadian Magazine with the entry. If sending in more than four subscriptions, list the names and addresses on this page stating the amount of money enclosed and attach to the coupon. BE SURE TO STATE IN EACH CASE WHETHER NEW OR RENEWAL.
- SUBSCRIPTIONS MUST BE PAID FOR BY THE PERSON WHO IS TO RECEIVE THE MAGAZINE. ANY BREACH OF THIS RULE WILL DISQUALIFY THE CONTESTANT. SUBSCRIPTIONS PLACED WITH CANADIANS DO NOT QUALIFY. They must be sent direct to the Contest Editor. Contestants are allowed to canvass their friends for subscriptions and such subscriptions will count in favor of the person entering the contest.
- In the event of a tie The Canadian Magazine reserves the right to divide the prizes equally among those tying or to determine the winners by a tie-breaker to be solved only by the drawing.
- The Canadian Magazine guarantees fairness to every contestant, and reserves the right to disqualify anyone who in its opinion violates any of these rules.

"The Canadian" is Canada's Oldest Magazine, founded in 1823. Every issue bright, entertaining stories dramatically told, interesting and instructive articles on Canadian history and life, personal sketches, outstanding departments on home economics and many other human-interest features. All the work of the best Canadian writers and artists. A magazine that pleases all the family. On the newsstands 25th of the month.

## Don't Miss This Opportunity! Start Right Now—Nov. 10th Last Day

## District News

From Our Own Correspondents

### COWLEY HAPPENINGS

On Monday morning, November 6th, Aurora Scottie and Albert Lemire were united in marriage in St. Joseph's church here. Rev. Father O'Dea officiating. Following the ceremony, the happy couple, in the company of many guests, repaired to the home of Mr. and Mrs. Hector Lemire, where refreshments were served, after which they left for Medicine Hat, where the honeymoon will be spent. The young couple will make their home at High River.

Mrs. Archie Stuart entertained the Ladies' Aid of the United church at her home on Thursday last.

James Leigh, of Calgary, spent several days in Cowley this week.

### HILLCREST HAPPENINGS

Mary Kyle was a visitor to Lethbridge last week.

Mrs. George Turner, of Michel, was a visitor at the home of Mrs. and Miss Martin last week.

A meeting of the employees of the Hillcrest Collieries was held, for the purpose of appointing a committee to discuss with the general manager the possibility of re-arranging the changing of shifts, so as to make a more even distribution of work.

A bridge club has been formed here. It is intended to play matches with other towns.

Mrs. W. Rose is opening a dry goods and fancy goods store on the main street.

W. Hutchison was a Lethbridge visitor over the week end.

Mr. and Mrs. E. Rolfe and son

### Powerful Skin Remedy Discovered

Dries Up Eczema, Barber's Itch and All Skin Eruptions—Must Give Results in 7 Days or Money Back

This wonderful surgeon's prescription now known all over the world as Moore's Emerald Oil, is so efficient in the treatment of skin diseases that the itching of eczema stops with one application.

A few applications and the most persistent case of Eczema is healed, seldom to return. Moore's Emerald Oil (full strength) is safe and pleasant to use. It is dispensed by the Blaimore Pharmacy and druggists everywhere.

BEAUTIFUL MONUMENTS of cedar, from 8 to 16 carved epitaphs. Freight paid—Western Wood Monuments, 10880, 75th St. Edmonton, Alberta. Agent wanted.

### GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

#### APPLICATION FOR BEER LICENSE

PUBLIC NOTICE is hereby given that the undersigned intends applying to the Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle, for consumption in conformity with the provisions of the Government Liquor Control Act of Alberta, and regulations made thereunder with respect to the following premises:

The South-east corner up to the Hall in the Frank Hotel, hitherto used as Beer Hall by Joseph Widzka, situated on Lots 17 and 18, Block 28, according to a plan of record in the Land Titles Office for the South Alberta Land Registration District as "Frank 3361-1."

Dated at Frank, Alberta, this 14th day of October, 1933.

MICHAEL BOBROSKY, Applicant.

### BLAIRMORE LODGE NO. 15, B. P. O. ELKS

Meets Second Tuesday at 8 p.m. in the Lodge Hall. Visitors made welcome. J. R. McLeod, E. R. John A. Kerr, secretary.

### BLAS — SPOONER

A wedding of unusual interest was solemnized in the United church at Bellevue on Saturday evening, November 4th, when Mary Elizabeth, eldest daughter of Mr. and Mrs. Newrick Spooner, of Bellevue, was united in marriage to Emil, eldest son of Mr. and Mrs. Emil Blas, of Blaimore. The church was filled by relatives and friends of this popular young couple.

Promptly at seven o'clock the bride arrived on the arm of her father, and attended by her sister, Miss Charlotte Spooner. They proceeded up the aisle to the strains of the Bridal Chorus from Lohengrin, played by Miss Helen Emmerson, towards the bride arched, where the groom awaited, supported by Mr. Clara Snyder, of Blaimore. The Rev. J. Wood performed the simple and beautiful ceremony.

The bride looked charming in an ankle-length gown of peach-colored crepe back satin, with hat and shoes to match. The bridesmaid was becomingly gowned in pale blue satin, with matching accessories. Both carried bouquets of pink carnations.

The happy couple, after signing the register, left the church between rows of Girl Guides and Brownies, who formed a guard of honor, to their waiting car, which, when it moved off was found to be trailing streamers of old shoes and tin cans.

Later, a reception was held at the home of the bride's parents, and a lovely and delicious repast was served, the bride's table being centered by the beautifully decorated wedding cake. Mr. E. Costick proposed the toast to the bride, and mentioned that Bellevue was losing a popular and energetic worker among the younger people. She is Wise Brown Owl, leader of the Brownies, a Girl Guide, an efficient performer on the senior ladies' basketball team, and was also a member of the choir and a Sunday school teacher. The groom responded suitably and Rev. Mr. Wood also said a few appropriate words.

The groom is an electrician on the staff of the West Canadian Collieries Ltd., of Blaimore, and is prominent in sport circles.

The happy couple, after a short honeymoon, will take up residence in Blaimore.

TWO WEDDINGS AT FERNIE

Two interesting weddings took place recently. On Tuesday, October 31st, Miss Annie Kovach, daughter of Mr. and Mrs. John Kovach, became the bride of Mr. Joe Sadlish, son of Mr. and Mrs. Joe Sadlish. The marriage took place at Fernie. The newlyweds arrived back in Natal, where a surprise party awaited them. The newlyweds will live in Natal.

The second wedding took place on Saturday, November 4th, when Miss Mary Kovach, daughter of Mr. and Mrs. John Kovach, became the bride of Mr. Frank Kozler, the third and last son of Mr. and Mrs. Charlie Kozler. The wedding also took place at Fernie and the marriage was witnessed by the former couple, Mr. and Mrs. Joe Sadlish. When the happy couple arrived back at Natal, they also were greeted by a number of their friends who had joined in a surprise party. At the party the bride was given a number of useful presents.

### MARRIED AT TRAIL

Thomas Henry Evans, son of the late Mr. and Mrs. T. H. Evans, of Coleman, was married in Trail on October 17th to Miss Doris Elvira White, only daughter of Mr. and Mrs. R. H. White, Rev. James Youngson, of Nelson, performing the ceremony in the First Presbyterian church, Trail, which was decorated by the Ladies' Service Club. Robert White, brother of the bride, was best man. A reception was held at the home, following which the couple left for a trip to Spokane. George Evans, of Coleman, brother of the groom, attended the wedding.—Coleman Journal.

### Local and General Items

Another eternal triangle: a cold morning, a second-hand car and poverty.

The merchant who advertises to desire your patronage and is deserving of it.

Financial note: Money isn't everything but it comes in handy while you are trying to live.

If you slow down to enjoy the scenery in the summer time, passing cars will make you eat it.

A college graduate, we have observed, can be up on the dead languages and still murder the live ones.

You put some kind of a halter around your neck, when you're forced to ask serious favors—if they are granted.

Bread, 20-ounce loaves, were selling in Saskatoon this week for three cents each. A bread war has been on there for some time.

M. H. Halton, special correspondent, was forced to leave Germany for London. Halton is a brother of Mrs. W. H. Moser, of Hillcrest.

The statement that "this year's" world output of motor cars will run into millions" could possibly be true, but we don't wish to be one of 'em.

For insuring a bum named Mike Molter and afterwards killing him 'to collect \$5,000 insurance, four New York crooks have been sentenced to death.

Sir Arthur Currie, principal and vice-chancellor of McGill University and former commander-in-chief of the Canadian forces in France, is seriously ill at Montreal.

Mrs. Elizabeth Middleton Harrad, wife of Charles H. Harrad, passed away at Pincher Creek on Friday morning, aged sixty-nine years. Canon Middleton is a nephew.

Applicant, beloved wife of Charles E. Noble, past grand master of the Alberta L.O.O.F., died at Consort on September 28th. Mr. and Mrs. Noble were residents of Cranbrook prior to 1903.

The Stavley town council appointed two special constables to act on Halloween night, wages to be 23 cents for the scalp of each individual caught in the act of doing damage to property.

The appeal of Cora Lillian McPherson against the judgment of Mr. Justice Ford, dismissing her action to upset her divorce from Hon. O. L. McPherson, will not likely be heard until some time in January.

Mr. Waller, representing one of the largest motion picture manufacturing concerns in the New York state, was in town on Monday for the purpose of securing pictures of

Blaimore's relief workers at work, to use in connection with a new picture. Leaving town on Wednesday, Mr. Waller stated that his mission here was quite unsuccessful—they didn't move fast enough for his camera.

Murphy's down-in-the-heart opinion of the Blaimore town council can pretty well be judged from his recent request to have that body take an interest in a strike down east. He sure felt he had a bunch of "nuts" to deal with.

The death occurred at Galt hospital, Lethbridge, on Wednesday morning, of Mrs. David Morris. She is survived by her husband, three daughters, Mrs. R. Henderson, Lethbridge; Mrs. D. Curry, Bellevue, and Beth at home; and a son, Joseph, at Trail, B.C.

H. Roy Miles, divisional engineer of the C.P.R. Lethbridge division, which includes this district, has been transferred to the Moose Jaw division, to be succeeded here by J. M. Campbell, of Moose Jaw. Mr. Miles came to Lethbridge about fourteen years ago.

The Associated Nfld. Industries continue to urge people everywhere throughout the country to buy goods made in Newfoundland. It is the only way to keep their people employed and assist in the return of prosperity. The slogan is Buy Newfoundland Goods.

The hearing of the case against Peter Krill, at Drumheller, for reckless driving, will be heard today. The case arose out of an accident at the Rosedale Ferry, when the Krill car went over the ferry into the water, fortunately with no injury to driver or passengers.

Pincher Creek and other towns have all been busy to organize for another season. Apart from the steps taken by the curling club, no effort has so far been advanced towards opening the local arena this winter. It is time those interested in hockey got busy.

Since the death of H. H. Hull, general secretary of the Alberta Prohibition Association, a committee of management has been selected to continue the work so ably administered by Mr. Hull. The committee comprises S. S. G. Barnes, H. S. Hogler and Walter Dredge.

H. G. Thunell, editor of the Viking News, has been selected Liberal candidate in the Sedgewick constituency for the next provincial general election. Thunell is the press favorite of Canada, for he is the only one who ever secured a fortune while in the printing business.

One of our good Gladys correspondents writes that winter has settled down in earnest in that part of the world. She claims to be denning up in the middle of section—

—with little expectation of seeing much social life, except for a stray jackrabbit going by once in a while. And everybody knows that you can't get much sterling companionship out of a touring jackrabbit. Something should be done about this pathetic case.—High River Times.

The Alberta Motor Association takes the stand that if the license year is moved forward, a very much larger number of cars will be left in continuous service during the winter months. This will be beneficial to the Govt. by way of increased gas tax revenue, to oil companies, to garages and service stations, accessory houses, tire companies, tire and battery repair stations, insurance companies, etc.—and, consequently, be the means of giving considerable employment during the winter months, which payroll is, under the present license year, cut off, due to so many cars being put away around the end of the year.—Ex.

Just 77 years ago, the first through train between Montreal and Toronto pulled out of Montreal amid great celebrations. Today railwaymen look back with a smile on the event which was acclaimed as one of the most important steps in the development of Canadian travel. Before the first through train on October 27, 1856, which ran on lines which are now part of the Canadian National Railways system, trains had run from the Point St. Charles station in Montreal to Brockville, and from Brockville to Bellevue, and then to Toronto. The run required 14 hours and the first Montreal-Toronto through train consisted of seven wooden coaches with a small engine and a tender filled with cordwood.

They say that the Province of Alberta is losing its cases in the courts of our land, from the Privy Council to the courts of Alberta, needs the first consideration of our legislators, and the best thought of our citizens. Something is wrong with our Provincial legal machinery. Courts are not interested in the "pious resolutions of the U.F.A. politicians, but in facts and justice. A whole lot of the legislation passed by the present Alberta government finds its way to the scrap heap, just as soon as it reaches the courts, be it liquor control act legislation, gas conservation, coal tax or what not. Who prepares this legislation, and why cannot we get sane, sensible legislative acts, which will stand the unbiased decisions of the courts of our land? That is what the laymen are asking, and they are only being reasonable in their demands. There is too much sentiment and expediency in the making of our provincial laws.—Drumheller Review.

"Doesn't that mule ever kick you?"

"No, sah, he ain't yet, but he frequently kicks de place where Ah recently was."

Perfect ingredients and perfect care in brewing contribute to the excellence of Alberta's Five Famous Beers.

Blairmore Reds are demanding to cents an hour pay for relief work. Next?

The Catholic Women's League of the archdiocese of Ottawa stands firmly against birth control and sterilization.

Foreigners in the New Waterford coal mines have been ordered to vacate their places, to be replaced by Canadians or British subjects.

Miss Eileen Hyslop, of Pincher Creek, has been successful in obtaining a registered nurse certificate from the Kootenay Lakes general hospital at Nelson.

Mrs. S. McKay was admitted to the St. Michael's hospital in Lethbridge yesterday, where she underwent an operation. Word was received today that she is progressing favorably.

Remembrance Day will be celebrated at Coleman by a service to be held at 10.15 a.m. in the new community hall. A smoker for ex-service men will be held on tomorrow (Friday) evening.

In most of the towns in Alberta that have been accustomed to closing for the Wednesday afternoon, decision was made to open on that afternoon and close for all day Saturday—Armistice Day.

Advertising in the columns of The Enterprise is never carried to square debts.

Teco stores at Red Deer carried three full pages of advertising in their local paper, The Red Deer Advocate, last week.

Pincher Creek competitors at the recent musical festival here will stage a concert in the United church at Pincher Creek on Wednesday evening next.

Red Deer has a bank balance of around \$10,000, and has had probably as great a volume of unemployed and relief to care for as Blairmore. What about Blairmore's balance?

The Alberta supreme court decision regarding the \$25,000 damage action of H. G. Love & Co. against the Bank of Nova Scotia. The company claimed its credit was damaged when the bank dishonored a cheque issued by it.

Norman "Dutch" Gainer, former defense man with the Bellevue Bulldogs' hockey team, has signed on with the Calgary Tigers in the northwest professional hockey league. Gainer played with Saskatoon last year in the western Canada pro league, and formerly was with the Boston Bruins of the national league.

## Local and General Items

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items in to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

Lethbridge retail stores will close all day Saturday—Remembrance Day.

Several members of the local teaching staff are attending the teachers' parley at Lethbridge this week end.

Mrs. F. McLaren left last week for Vancouver, where she was called owing to the serious illness of her mother, Mrs. D. May.

The Ladies' Guild of St. Luke's Anglican church, will hold a Tea and Sale of Work and Pantry goods, on Saturday, November 25th, in the Scouts' hall, from 3 to 6 p.m. (n2-n23).

Remember the annual Remembrance Day dance to be held in the Columbus hall tomorrow night (Friday) under auspices of Crows' Nest Chapter of the I.O.D.E.

Keep November 21st open for the Elks' Revue. Two one-act plays, with local casts, interspersed with specialty numbers by local artists, will provide an enjoyable evening's entertainment.

Police are seeking information regarding the whereabouts of an individual who rode a freight train in the vicinity of Holden, Alberta, on Saturday, the 28th of October. He is a suspect in a murder case.

Hugh Savage, well known editor of the Cowichan Leader, will now have his long-forgotten opportunity to introduce the Oxford Movement into the British Columbia legislature. And Savage can do it, you bet!

J. A. Harrison, C.P.R. section foreman at Claresholm, has been notified that he has been awarded a ten-dollar cash prize and second place in the judging for the best visible old garden by employees of the Lethbridge division.

Among the good works being accomplished by our present council might be mentioned their efforts to keep our sidewalks and streets free of ice and snow. Immediately after a snowstorm, the streets are plowed and sidewalks cleared. Of course, it's costing money, which may be money well spent.

Can you imagine the gall of Harvey Murphy? Not satisfied with being able to handle our town council practically as he pleases, he undertakes to ask their support to a strike in Eastern Canada. Murphy's brains are all rattled if he really expects to find any town council in Canada to fall for that stuff. Let Murphy try that in Russia or any other country!

Johnny Houbregs has arrived in Calgary from Vancouver. Johnny is signed on with the Calgary Tigers. Other members of the lineup include Ken Heard, Ralph Blyth, Bill Hutton, Sed McCusker, Smoky Harris and Norman "Dutch" Gainer. The Northwest Professional Hockey League will open with Calgary playing at Edmonton on November 16th, and Edmonton at Calgary on the 18th.

An item in the last issue of The Worker announces that "Blairmore unemployed have won a fifteen per cent increase in relief allowances. They have also defeated the attempt of the Relief Commission of the Brownlee government to make them sign a document stating that the relief was to be worked out by the recipients. Blairmore is the only municipality in Canada which has a council controlled by the workers and acting in accordance with their demands." Isn't it a fine report to come to what is supposed to be an intelligent population. It doesn't state, however, that they failed to secure their demand for baby seed, baby milk, feed for cows, and what not.

Alex. Cameron has returned to Coleman from his fruit farm at Wynndel, B.C.

Arthur Morris has been appointed to assist Chief of Police Fitzpatrick in handling local relief at a salary of \$39.00 per month.

The annual convention of the South Alberta Teachers' association is being held at Lethbridge, a two-day session, opening this morning.

EYES EXAMINED at the Blairmore Pharmacy on Saturday afternoon, November 18th, E. J. ANDERSON, B.Sc.; J. E. Thomas (associate), of Calgary.

Mrs. George Cobley, former resident of Frank, died on Sunday, October 29th at Lyndon, Washington, where she had been residing with her son William.

The town council should be commended for their effort to put a stop to the posting of bills, etc., on electric and telephone poles along our main street or within the town.

The Blairmore Branch of the Canadian Legion, B.E.S.L., will hold an Armistice smoker on Monday night next in their clubrooms, commencing at 8 o'clock. Members only.

A very pretty wedding took place at Coleman on Monday evening last, when Miss Eva Spillers, of Coleman, became the bride of Mr. S. Milburn of Blairmore. The young couple will reside here.

"Churches and societies must pay light and water rates. Gambling joints, sporting houses, blind pigs and other favorites need not." Why not embody the above in Blairmore's water and light regulations?

The presence of a mimeograph poster between two decently printed bills on the wall of the rotunda of a local hotel this week gave the public a splendid opportunity to draw comparison between the two. One witness declared that if the mimeograph sheet was worth 25 cents, the others should be worth \$10.

Rev. W. M. Chalmers, who had charge of Presbyterian mission work at Cowley from 1903 to 1913, died at Seattle on October the 24th. Besides Mrs. Chalmers, he is survived by four sons, Norman, Gordon, John and Douglas, and one daughter, Miss Margaret, all of whom reside in Calgary. The remains were cremated and forwarded to Red Deer for burial.

At a meeting of the town council held during the past week, reason given for not giving the town's legal notices place in The Blairmore Enterprise was that it cost too much. That council is supposed to be opposed to scabbing, but here's another direct attempt to promote scabbing. Several years ago we did printing for an individual who today has a big say in the administration of our municipal affairs, for which we never did receive one cent. May be his reason for not paying that was that "it cost too much."

The St. Anne's annual bazaar and tea, held yesterday at the Columbus hall, was not as largely attended as was expected. The following were winners in the tombola draw: Mrs. R. Green, all-wool blanket; Mrs. H. Morris, Bellevue, bed lamp; Mr. Brusset, Blairmore, \$10 gold (donated by himself); Sam Silverhorn, \$5 gold; A. Misson, jardiniere; S. Kuble, 50 pounds flour, pound tea and coffee; D. Price, Kimberley, box of macaroni; J. W. Gresham, side bacon; S. McDowell, box of apples; Louis Vermette, ham; Rev. Father O'Dea, Cowley, picture; F. W. Slade, Kimberley, five car greasings. Specials—Mrs. Boseley, Bellevue, cake; Joe Lenchucka, Blairmore, quilt; Mrs. R. C. Old, cushion.

White deer are reported getting quite common and bold in Halifax county of Nova Scotia.

Several small houses were destroyed by fire at Coleman last week. Why not let up on that stuff and give Blairmore a chance?

Mr. Slade, of Kimberley, will either have to come to Blairmore five times with his car for greasings, or take the five greasings at one time.

Someone remarked the other day that Murphy spoke to a dense crowd. Well, we didn't need to be told that. If they weren't dense they wouldn't be listening to Murphy.

We regret that in our last issue we should have announced the annual Armistice or Remembrance Day service to be held in the afternoon. We understand the Service is to be held at the Orpheum theatre at 10.45 a.m.

Seventy-two hundred miners of Nova Scotia are signed up with the United Mine Workers of America.

Proceedings against Harvey Murphy and thirteen others charged with unlawful assembly have been stayed and the men freed.

A grand New Year's dance will be held under the auspices of the Hillcrest Football Club in the Union hall at Hillcrest on the night of Monday, January 1st.

W. Kennedy, teller of the Canadian Bank of Commerce at Pincher Creek, has been transferred to Taber, and is succeeded at the Creek by John Williamson, of Coleman.
